MAJOR HENRY.

"Such a courtesy
Spoke through the limbs and in the
voice—him I knew
For one of those who sat in Arthur's
hall."

That is a portrait in silhouette of
Major Henry; for his life was rooted
in knighthood and truth; he was
stamped with the image of those
who "shot through the lists at Cam-
elot." By virtue of his grace and ver-
satility and his manly beauty and
strength, his bearing of liniment
and form, from spur to plume he was
a superb type of the chivalrous gen-
tleman. Like Lancelot he was the
flower of bravery, like Galahad his
honor knew no stain. His counte-
nance was an outdoor sign of an im-
perial and generous spirit, of a na-
ture that had not taint of littleness.
It is fitting that he should sleep in
the shadow of the mountains whose
bigness and cleanness he typified.

J. W. CHAPMAN FOR STATE SENATOR.

We publish elsewhere a summary of
what Mr. Chapman stands for. We
heartily endorse his candidacy. Sure-
ly no fair minded man could expect us
to do otherwise than to espouse his
cause. He has been a life-long Demo-
crat, and is the nominee of his party.
No better, abler or stronger man
could have been nominated to oppose
Senator Royall.

On the moral and temperance ques-
tions affecting so vitally the welfare
of society, Mr. Chapman's record is
known, and he is and always has
been clear spoken and loyal in his
support of these great issues. He
cast his vote for statewide prohibi-
tion, and will of course support the
enactment by the next legislature of
the necessary laws for its efficient
enforcement, and in doing so it stands
to reason that a Democrat of Mr.
Chapman's standing and ability could
have vastly more influence and weight
in a Democratic legislature than Mr.
Royall, sitting there as a Republican
in a body overwhelmingly Democrati-
c.

Likewise, on the other important
issues which must come before the
next general assembly, vitally affect-
ing the interests of this section of
the State, such as the matter of per-
fecting the segregation plan of taxa-
tion and the equalization of the tax-
es, he can more effectively serve and
represent the interests of the people
than Mr. Royall possibly could. Mr.
Chapman, while a Democrat, is still
broad and liberal, ready to work and
fight for fair play and a square deal
and for the best interests of all his
constituents. We trust and believe
that the voters will see to it that this
opportunity is not lost of having this
great district, composed of Tazewell,
Russell, Dickenson and Buchanan
counties, represented by a man of
such superior fitness and qualifica-
tions as are possessed by Mr. Chap-
man.

We have known Mr. Chapman for
years in the various walks of life, and
have seen him faithful and active in
all that goes to make up a good,
faithful and God-fearing citizen. His
standing among the lawyers of Vir-
ginia and West Virginia against whom
he has been pitted in his large and
varied practice, is at the top, and such
as might be expected from a man of
his marked ability and attainments.
As an advocate at the bar he has few
if any equals. No man can present a
cause more logically, forcefully or
eloquently than he. Elect him to the
Senate of Virginia and he is bound
to take first rank in that body and
become one of its leaders, and will
most certainly wield a large influence
and we know him well enough to as-
sure every voter, regardless of polit-
ics, that his influence will not be
used for any narrow and partisan pur-
pose, but on the side of what is best
for the welfare and interests of the
people at large.

The next legislature of Virginia is
bound to deal largely with the big
moral and business issues of today,
such as temperance and taxation leg-
islation, and can any fair-minded
man, be he Democrat or Republican,
deep down in his own conscience,
doubt that Mr. Chapman is pre-emi-
nently the man who can most use-
fully and effectively represent this
district as State Senator in the next
legislature.

THE SQUADRON DOWN THE CLINCH.

The Sunday School Flying Squad-
ron made "a raid" down the Clinch
on Sunday and had a busy day, pleas-
ant and profitable withal. There is no
trouble in getting a hearing on the
Sunday School question whenever and
wherever sufficient notice is given.
The only competitor the Sunday school
speakers, and the schools, too, have
in the towns along the road is the reg-
ular passenger trains. Every body
wants to see the cars, who gets off
and on, and there are crowds at the
stations of men and women, boys and
girls of all ages. The Sunday school
and preaching service, too, they say,

seems to be regarded as of secondary
importance. "Go to see the train,"
said Sunday School "afterwards,"
seems to be the motto. The trouble is,
in many places, that the Sunday
School work lies all too lightly on
the hearts and minds of the people
everywhere. Some day, it is hoped,
we will all wake up to the importance
of the work.

Prof. Golehon and myself spoke at
Pounding Mill in the morning, and at
Cedar Bluff in the afternoon. Mr.
Harman was at Richlands in the
morning and at Pounding Mill in the
afternoon. And so we "stormed the
forts" all along the line, reaching
home on Oct. 6, after a hard, pleas-
ant day's work.

Two Schools at Pounding Mill.

There are two Sunday Schools at
Pounding Mill—one meeting in the
morning and one in the afternoon. Mr.
Sparks is Superintendent of one and
Mrs. W. B. Steele Superintendent of the
other. Both schools are doing good
work. We had a fairly good audi-
ence and spoke—Mr. Golehon on the
importance of an educated citizen-
ship in church and state, and I made
"a few feeble remarks" on one of the
supreme needs just now, viz: to
enlist the help, co-operation and in-
fluence of the men in Sunday School
work. An effort will be made at once
to organize a men's Bible Class at
Pounding Mill. If the strong, intelli-
gent business men of the county could
see their way clear and their duty, to
throw the great weight of their in-
fluence and needed help to the Sunday
Schools a revolution would be pro-
duced in religious circles in this
county.

With such intelligent and progressive
men as W. B. Steele, Dr. Zimmerman,
and others, Pounding Mill senior Bible
class should be heard from.

At Cedar Bluff.

Through the thoughtful kindness of
Mrs. R. K. Gillespie, Prof. Golehon
and myself were able to reach Cedar
Bluff in the afternoon. She donated
a horse and buggy for the time, and
we landed in fairly good shape. Our
audience was small, but select. A
number of the workers and others
were present to hear the speeches.
Prof. Golehon made a different and
I thought a better address than at
Pounding Mill. He may have had a
slight touch of "stage fright" at
Pounding Mill, as he spoke first. At
Cedar Bluff I spoke in the lead and
he followed with a fine address.

Mr. W. F. Grinstead is the young
and enthusiastic superintendent. Mr.
T. A. Repass, sr., superintendent here
for years, was present. He goes
down the hill towards the setting sun,
calm, serene, and assured. He has
been for many years an earnest church
and Sunday School worker, as have
also his entire family. Hurt, Brown,
Sanders, and other handsome men,
were present, all interested in the
good work.

The Sunday School at Indian, as it
is now called, is a good one, one of
the best in the county, but would be
greatly helped if here, as elsewhere,
the men of the community could some-
how be brought in.

The ladies and superintendent Grin-
stead, will perhaps make an effort to
curtain the church off into separate
class rooms, so as to have a private
room for each class. It is an impossi-
bility for a school with five or six
grades to do the best work, with all
grades meeting and reciting at the
same time in a single room. In the
absence of separate rooms curtains
provide a splendid substitute.

Side Lights.

I had my Sunday dinner with Mr.
and Mrs. W. B. Steele. "Bob" Ireson,
of North Tazewell, was here and he
helped out wonderfully in the Sunday
School service. Mrs. McGuire, Mrs.
Steele's mother and her pretty daugh-
ter, Miss Pearl, Bob and myself were
the company for dinner. Mrs. Steele's
handsome young daughter, Miss Eva,
was present, and "served" gracefully
at this hospitable family board. I
heard somebody say once that this
comely daughter, resembled her father.
The resemblance is a little diffi-
cult to notice when you see them
together. This is not saying, under-
stand that, "Billy" is not a handsome
man. Other people say that she is the
very image of her mother.

"Billy" Steele is the leading mer-
chant and farmer of that section. He
has spread himself out all over the
hills on both sides of the railroad and
the Clinch. He raises big cattle, big
Boone County corn, and is a big man
in body and heart. Billy can raise
anything, even Cain, if he were to try,
but which he never does. His home
seems to be headquarters for all the
preachers, Sunday School speakers, et
als, and a royal welcome awaits and
grows to them all. As to our dinner,
it is sufficient to say that it was "just
like 'em." No description could do it
justice. We did justice to it, how-
ever, and then some.

Prof. Golehon was guest in the hos-
pitable and splendid home of Mr. and
Mrs. R. K. Gillespie, about a mile

THE HEART

How It Acts in Every Day Life

The human heart, in a healthy man
beats but eleven times. It beats
from long before birth until death, in
an average lifetime, about seven mil-
lion times, allowing seventy beats to
the minute. Every twenty-four hours
this slight organ performs labor equiva-
lent to lifting a ton of material
eighty feet into the air. If the blood
becomes poor, and filled with poisons
from diseased kidneys, the heart is not
only starved, but poisoned as well. It
soon becomes exhausted and unable
to meet any extraordinary demand
which may be made upon it. Supply
pure blood; get the kidneys to work-
ing; tone up the feeble stomach! Dr.
Pierce's Golden Medical Discovery
purifies the blood, relieves the kid-
neys and tones up the alimentary
tract. Give the heart the food it
needs and it will continue to work
till the natural end of life.

Bumpass, Va.—"Before I commenced
taking Dr. Pierce's medicines I suffered
with pain in my shoulders, head and
back, and had palpitation of the heart.
I could hardly get up. Was in bed
nearly all the time. I took Dr. Pierce's
Medical Discovery and Favorite Prescrip-
tion. I soon began to feel much bet-
ter and could sit around in the
neighborhood. I owe it all to Dr.
Pierce's remedies. Would advise any-
one thus afflicted to use 'Golden Medi-
cal Discovery' and 'Favorite Prescription.'
I also took the 'Pleasant Pellets'
with good results.

"I thank Dr. Pierce for his medicines
and glad advice and am glad to hear
from him."—Miss SEME E. SIMS, R. F.
D. 2, Bumpass, Va.

from town, and from his account he
had a royal reception. Mr. Gillespie
is a son of George W. Gillespie, Pres-
ident of Tazewell National Bank, and
owns everything in sight and a good
deal out of sight, in this section. His
wife is a daughter of sister O'Keefe of
this town, and like her mother, was
"feelin' fine." Mr. and Mrs. Gillespie
are known and read far and wide
as keeping open house to their friends
and even to wayfarers, who may seek
shelter and comfort under their roof.

The Good Roads, Etc.

I cant close this little bit of gossip
without mentioning the improvements
made in the roads of that section.
It had been twenty years since I
had been over portions of that section.
Then horse-back riding was tedious
and difficult owing to the rough, bad
roads. Now automobiles whizz along
there, at 40 miles an hour. Claypool
Hill is the hub of the hill of that sec-
tion. It is still unimproved and
rough, and the only trouble in the way
from Pounding Mill to Richlands.
Some day it will be like Hubble Hill,
smooth and fine.

GOVERNOR STUART FAVORS CHAPMAN FOR THE SENATE

The following telegram was received
and read before the Democratic con-
vention at Honaker from Governor
Stuart, in which he strongly endorses
Mr. Chapman:

"Richmond, Va., Sept. 30.
"Chairman Senatorial Convention, Hon-
aker, Virginia:

Please accept and express to the
convention my most cordial greeting
and best wishes for harmony and good
will throughout the deliberations of
the body, together with my congrat-
ulations to the nominee, and pledges
of my most earnest efforts for his
election.

H. C. STUART."

DEMOCRATIC PLATFORM.

Following is the Democratic plat-
form adopted at Honaker by Sene-
atorial convention, which nominated J.
W. Chapman, of this town for the
Senate from this district:

1. We do most heartily endorse the
able and efficient administration of
the affairs of the national government
under the leadership of that great
Statesman, Woodrow Wilson.

2. We endorse the wise, patriotic
and efficient administration of the af-
fairs of this commonwealth under the
guidance and control of its able Gov-
ernor, H. C. Stuart.

3. We advocate the enactment of
such laws by the next general assem-
bly of Virginia as will successfully
carry into effect the will of the people
of this commonwealth as expressed
in September, 1914, on the question
of prohibition of the manufacture and
sale of ardent spirits in this com-
monwealth.

4. We favor the building of good
roads for the commonwealth and such
legislation in reference thereto as will
enable the counties to spend money
raised by them by bond issue, through
their local authorities if they so desire.

5. We advocate such legislation as
will give the minority political party
in this state representation on the
electoral boards and other boards of
this state as judges and clerks of
election, such representatives to be
selected from a list of three names
furnished by the respective county
chairmen of such party.

6. We advocate such legislation as
may be necessary to carry into effect
the plan of segregation of State and
county taxes, as enacted by the last
general assembly and looking to the
reduction and equalization of the bur-
den of taxation of the people in every
respect possible.

7. We endorse the public free school
system and favor all legislation tend-
ing to increase its efficiency by large-
ly appropriating and a more judi-
cious and economical expenditure of
the appropriations and in this connec-
tion we favor the enactment of such
laws as will prevent the constant and
useless changes of books in our public
schools.

8. We favor an economical adminis-

Deafness Cannot Be Cured

by local applications, as they cannot reach
the diseased part of the ear. There is
only one way to cure deafness, and that is
by constitutional remedies. Deafness is
caused by an inflammation of the mucous
lining of the Eustachian Tube. When this
tube is inflamed you have a humming
or roaring sound, and when it is
entirely closed, deafness is the result, and
unless the inflammation can be taken out
and this tube restored to its normal con-
dition, hearing will be destroyed forever; sine
cases out of ten are cured by local treat-
ment, which is nothing but an inflamed condition
of the mucous surface.

We will give One Hundred Dollars for any
case of Deafness (caused by catarrh) that
is cured by our treatment. Send for circular free.

WORLD'S BIBLE CONGRESS.

Significant among the great relig-
ious demonstrations that were held
in connection with the Panama-Pa-
cific Exposition during the summer
of 1915, passed was the World's Bible
Congress.

It is said that the greatest rally of
the Congress took place in "the Court
of the Universe," the center of the
Exposition, "and a fit place for ex-
alting the Bible as the center of hu-
man life and progress."

One very pleasing feature of the
Congress, especially from a mission-
ary and international point of view,
was the public ceremony of handing
over to the Japanese Christians at
their friends a copy of the Bible in
English, prepared by the American
Bible Society, to be presented to the
Emperor of Japan on the occasion of
his approaching coronation. It is
stated that the Mikado has consented
to receive it, and it is understood that
the Japanese Christians plan to pre-
sent their ruler with a copy of the
Bible printed in Japanese also at the
same time. The presence and ser-
vices of Billy Sunday, it is said, added
much to the interest of the Con-
gress. Following the formal presenta-
tion of a bronze plaque by the
Exposition authorities, Dr. Sunday
said to have preached to fifteen to
twenty thousand people, maintaining
the "Truth and Power of the Bible
as one rarely hears it done."

A Wonderful Antiseptic.

Germs and infection—grave ailments
and retard healing. Stop that
infection at once. Kill the germs and
get rid of the poisons. For this purpose
a single application of Sloan's
Liniment not only kills the pain but
destroys the germs. This neutralizes
infection and gives nature assistance
by overcoming congestion and gives a
chance for the free and normal flow
of the blood. Sloan's Liniment is an
emergency doctor and should be kept

istration of State affairs.

of Confederate soldiers.

portionment of delegates in the gen-
eral assembly, and advocate that rep-
resentation of the house of delegates
shall be based upon population of the
respective counties, and we favor

Tazewell, Buchanan and Dickenson.

GRATIFIED AT MR. CHAPMAN'S NOMINATION.

Editor the Clinch Valley News:
I was indeed gratified to learn of the
nomination of Mr. J. W. Chap-
man to the Senate by the Demo-
crats of my home district. Being a
man of scholarly attainments and
possessing a practical knowledge of
the needs of the great district which
he aspires to represent, he will, if
elected, make an ideal representative
and one of which any district might
well be proud.

While I would say nothing disparag-
ing of Mr. Royall, the Republican
candidate, for he is a very nice gen-
tleman, and a man of integrity, none
can gainsay the fact that Mr. Chap-
man would be able to accomplish
immeasurably more for the people of
that section than Mr. Royall. There
is no greater district in the entire
State, or one in which the possibili-
ties for the future are greater than in
the Third, and it behooves the citizens
thereof to see that a real representa-
tive is sent to the next General As-
sembly. It is an undisputed fact
that a mere figurehead, and the peo-
ple of the counties of Buchanan, Dick-
enson, Russell and Tazewell had as
well stick a toothpick into the turnip
and send it to Richmond and expect
results as to elect Mr. Royall, or any
other Republican. The Third district
has certainly not been on the legisla-
tive map since the days of Alex. St.
Clair, and it is high time that all
persons, irrespective of party affilia-
tions, were alive to the fact that a rep-
resentative must be in accord with
the majority in the State legislature
to accomplish anything.

In the coming election the people
of that district will have a rare op-
portunity of electing one of the best
brained, most practical men in the dis-
trict to represent them, and they
should be chary of clinging to party
names and blindly voting for one who
will be a political nonentity.

The prospect for the election of
Mr. Chapman are unusually bright, so
let's go to work and roll up a ma-
jority for him.

Respectfully,
W. E. BEVERLY.

Children Cry FOR FLETCHER'S CASTORIA

DAVID ROBERTS.

David Roberts died at his home at
North Holston, Va., October 4th, last
and the funeral services were held
by the Rev. Mr. Carson, and he was
laid to rest by the side of his moth-
er, in the family grave yard Tuesday
at 4 o'clock. He leaves a wife and
three children, and two brothers and
three sisters, and a number of relatives
and friends to mourn the loss,
but we do not sorrow as those who
have no hope, for he said he was
ready to go.

Just a few days ago you left us;
How we miss you, brother, dear.
We remember all your kindness
As we drop a silent tear.

But we know that you are happy
In the mansions of the blest,
Where there is no pain or sorrow;
In one sweet eternal rest.

HIS SISTER.

SHRADER'S NEWS NOTES.

"The Heart of Virginia."

Shraders, Va., Oct. 15.
The spell, the silence of the silvery
dawn, crimson skies, the glowing
beaming sun, the buoyant, thrilling,
inspiring, soul stirring, songs of birds,
pure sparkling water, the cheery voice
of the leaping, dashing brook, the
rushing, romantic, historic Clinch river,
happy lovers, idly strolling, gather-
ing daisies, the brilliant gentian, the
waving, magic, golden rod, the joy of
loyal Americans, fragrant flowers, the
charm, the odor, the fragrance of the
wild wood, the gay tints of the
forest, orange red and gold, heralds
of autumn, men harvesting corn, ex-
port cattle quietly grazing in rich
bluegrass pastures, towering moun-
tains, verdant hills, valleys, dell
glades, purple grapes, luscious peach-
es, apples and pears, attractive gar-
dens, beautiful lawns, vineclad cot-
tages, stately mansions, happy homes,
children's laughter, macadam roads,
moving carriages, speeding automo-
biles, fast trains, electric cars, pleas-
ure boats idly drifting, far-famed

hospitality, a vigorous moral and
religious sentiment, venerable civil
war veterans, fair women and brave
men, and you are in Tazewell county,
the heart of Virginia.

PERSONALS.

Saturday, Miss Jessie Hannah, of
New Castle, Va., was the guest of
Mrs. T. C. Crockett. Miss Crockett
taught the Shraders school last year.
Her work was highly satisfactory.
The patrons earnestly requested her
to teach their school this session.
She is one of the best teachers in Vir-
ginia, an accomplished cultured and
refined young lady, and her friends
were delighted to have her call. She
is the principal of the Paint Lick
School.

Mr. T. H. Crockett, a popular mer-
chant of Shraders, was a Tazewell
visitor Saturday. D. outless Mr. C.
enjoyed the drive.

Mr. J. H. Riley, a successful mer-
chant of this place, is erecting a fine
residence. This will be a beautiful
home when completed.

A two-room school building will
be erected on the heights overlooking
the village. Mr. W. F. Harman don-
ated the site for the new building.
The citizens wish to thank Mr. Har-
man for the liberal gift.

Mr. S. J. Crockett is preparing to
install a flour mill. A mill in this
locality would induce the farmers to
put out a large crop of wheat.

Miss Hayden, who is teaching the
Shraders school, is an efficient and
painstaking teacher. The patrons are
much pleased with her work.

Mr. A. R. Barrett, of George Camp,
was a Shraders visitor Sunday.

Mr. J. A. Payne, of Baptist Val-
ley, a candidate for commissioner of
the revenue, was calling on friends in
the village Monday.

How An Engineer Keeps Well.

Railroad engineers are more ex-
posed to catching cold than other work-
ers. E. G. Dunaphant of Monette,
Mo., has run a Frisco engine 25 years
and he has never been sick. He writes:
"I always keep it in my house and
recommend it to all who have a bad
cold or cough."

THE LIFE EXPRESS.

If an interesting journey
I shall care sometime to take,
A journey that would be worth while,
And one you'd care to make to
Just board the rapid Life Express;
Get on at babyhood,
And travel over hill and dale,
And through Achievement wood.

The road through childhood swiftly
runs;
The station next is Youth;
Beyond that step is middle age,
In the vale of Truth;
Old Age is reached on schedule time,
It takes away one's breath.
To speed so swiftly towards the end,
The terminus is Death.

The track grows rougher toward the
end;
'Tis then that you gaze back
And count the milestones gray that
mark

The fast receding track.
At last the grim conductor calls—
No need for calling twice:
'Fare as we go. Step lively, please;
Change cars for Paradise.'

Health and Happiness Depend Upon Your Liver.

That sluggish liver with its slug-
gish flow of bile is what makes the
world look so dark at times. Dr.
King's New Life Pills go straight to
the root of the difficulty by waking
up the action of the liver and increas-
ing the bile. Dr. King's New Life
Pills cause the bowels to act more
freely and drive away those "moody
days." 25c a bottle.

RECEIPTIVE CANDIDATES.

MR. TAFT, Judicially:
"Well, let me see—I'm not quite
free.
To choose the one I like the best.
It's such a task, if you should ask,
So compromise—forget the rest."

MR. WILSON, Cofly:
"We public men must be discreet,
As anyone should know,
But, twist us two, I think there meet
For me to stand beneath the mistle-
toe."

MR. BURTON, Learnedly:
"Go take this little bit and raise
The noise as far as Rio,
You need—I might suggest the phrase
A President from Ohio."

MR. ROOSEVELT, Beligerently:
"Avast! Avast! What's this I hear?
Those men? You're simply mad!!!
There's but one man for President,
And that man's ME, by Gad!!!"

THE PUBLIC, Plainly:
"I wonder if
I am supposed
To be a party to it?
It seems to be
Cut out for me
To stand and simply view it."

How to Be Efficient.

Nothing saps the vitality like head-
ney trouble. It causes backache, head-
ache, stiff joints, sore muscles, "al-
ways tired" feeling, rheumatism, and
other ills. To be efficient you must be
healthy. Foley kidney pills strength-
en the kidneys, help them do their
work of filtering out from the system
the waste matter that causes trouble.

SOME NEWSPAPER DONT'S.

Don't take your paper home. It is
the most active and powerful factor
in building up your town, and to sup-
port it would involve you in the work.
Don't pay for it if you take it.
Newspapers are run on wind, and the
editor wouldn't keep the money any-
way. He'd most likely pay it on
bills.

Don't fail to tell the editor how to
run the paper. He has nothing to do
but listen and keep his temper sweet.
Don't put your name to what you
want published. It's the editor's busi-
ness to espouse unpopular causes and
take your chestnuts out of the fire.
What hurt your business might also
hurt his—but that's different.
